

14AA Teams,

Congratulations on making the 14AA MBT State Tournament and on behalf of Eastview Baseball we're looking forward to hosting you this coming weekend. If you're receiving this email, you're scheduled to play one or two games at Apple Valley High School fields 2 or 3.

The two high schools in Apple Valley are under construction this summer getting new turf fields and I wanted to make you aware of the impact on fields 2 and 3 at Apple Valley High School. The construction is taking place very close to both fields, impacting the viewing area to the west of the fields and eliminating the parking to the south of the fields. We're not sure what work they'll be doing on Friday but there might be some background noise as well. We apologize in advance for any inconvenience.

GPS directions will take you to the front of the high school, which is on the west side of the school. There is plenty of parking in that lot, however the walking distance to fields 2 and 3 will be quite long. The walk will also take you through the construction area. Our recommendation is to park on the neighborhood streets on the north side or east side of the fields as indicated in the attached map. They will provide for a shorter and safer walk to the fields. The bleachers in these two fields are limited and bringing your own chair is also recommended.

Please note that field 1, the varsity field, is not impacted by the construction and parking in the main lot or along 145th Street should be fine.

Please allow for additional time to park and get to fields 2 & 3. Thank you for passing this message on to your teams so they can plan accordingly.

Best wishes this weekend. Please don't hesitate to contact us with any questions.

Simmon Schaefer, 651-336-3621
