

## How to Locate Your Team

**Log in to [www.mbl.bz](http://www.mbl.bz)** Make sure you are logged into **YOUR** account, not one for your child. The name on the account at the top of the page should reflect this.

Refer to the highlighted text in the screenshot, this is where the team names can be found. The listed teams are all of your active teams from this season. Select your Fall League team.

If there are no team names that show up, double check to make sure you are signed into the right account, if you are, then contact Todd Scharber [tscharber@mbl.bz](mailto:tscharber@mbl.bz) to get this fixed.
