

METRO BASEBALL LEAGUE (MBL)

RULES, MODIFICATIONS AND REGULATIONS

Edited 5.25.2026

The following rule modifications and regulations will govern play for the current season in the Metro Baseball League (MBL). These modifications and regulations are **NOT** intended to cover all playing rules but rather highlight those areas that are referenced most often by coaches and participants. The MBL Board of Directors has adopted the National Federation High School League rules (<https://www.nfhs.org/activities-sports/baseball/>), except where modified below. These modifications are subject to change.

Recent edits:

II D – Added 9A rule modifications.

II E – Added 15A rule modifications.

IV C 3 – On fields with an orange/green safety first base, it is recommended to use this base. The safety base will be a recommendation for MBL games (not a requirement) starting in 2027.

VIII D – Noted that malicious contact supersedes obstruction (per NFHS rules).

X E – All MBL league and playoff games become official after 3.5 or 4 innings.

XI D – Coaches are not allowed to enter scores for games that are not actually played.

I A – Edited language for clarity.

I B – Added, clarified the requirement for teams to be from a recognized baseball association.

VII – Pitching Restrictions.

League and playoff games will now follow a required rest-day table. Weekly pitch count maximums have been eliminated.

IX – Substitutions for 15AAA / AA

An Extra-Hitter (EH) will be allowed in 15AAA and 15AA lineups.

I. PLAYER AND TEAM ELIGIBILITY, REGISTRATION AND RESIDENCY

A. The player age cutoff date is May 1st. Players in their respective age groups must not reach the next age before May 1. **It is permissible for a player to play up from their designated age division, but they may not play down.** Example #1: an 11-year-old may play in the 12-year-old division, but a 12-year-old may **NOT** play in the 11-year-old division. Example #2: A player who turns 13 on April 30 is eligible to play at the 13U level, but not the 12U level; a player who turns 13 on May 1st is eligible to play at the 12U level. **A player's grade level is not applicable in determining age group eligibility. A player may play at the same age-level two or more consecutive years, so long as the player is age-eligible.**

B. All players must be from a recognized and accepted bona fide baseball association or school-hosted program to participate. Teams comprised of players from the same community or school but that have chosen to bypass the rules or affiliation with their local, recognized traveling association will not be allowed to participate. Any team comprised of players from multiple communities will not be allowed to participate, except if those communities are recognized by MBL as a co-op baseball program. The MBL Board of Directors reserves the right to review and rule on the eligibility of any team.

C. Rosters, including head coaches and assistant coaches, must be entered into the MBL site prior to a team's first league game. Maximum of 18 players per team. Roster changes may be made through **June 1 of the current season**. Requests for roster additions after June 1 must be made via email by the association's travel director and approved by the MBL Director.

D. In the case where a rostered player will be absent from a game, a replacement player may be eligible to replace the rostered player. The spirit of this rule is to enable a game to be played and avoid forfeit or rescheduling. For example, if a team with 11 players has three players unable to play, the coach may coordinate a one-game waiver for up to three players - coordinated with the team association's travel director and the MBL Director. Replacement player(s) must be of equal or lower age AND equal or lower level, from their own community's travel program (or in-house program, in special cases). For example, a 12AA Blue team may waiver in a player from the 12AA White team, or a 13AAA team may waiver in a player from the 12AAA team. (This individual waiver requirements are the same as MBT. MBT, however, requires a separate form to be completed.)

E. The Metro Baseball League is a **community-based program**. Players are eligible to participate on teams from the community in which they live with their parent(s) or legal guardian, or their school attendance area. In some cases, a "natural baseball community" or co-op program exists, which may be a combination of nearby communities based on high school attendance area. However, this is **NEVER** intended to allow all-star or recruited teams to be formed. The MBL Board of Directors reserves the right to rule on any questionable situations.

F. If a player attends a **private school** in a different community than the one in which he/she resides, that player may register (1) with their community program where they reside or (2) with their school's summer baseball program. For example: if a player lives in Pipestone and attends school at Holy Angels, then the player would be eligible to play for either Pipestone's or Holy Angels' Summer Program.

G. In some circumstances, players may participate in another association by requesting a formal waiver from the MBL eligibility policy. The MBL Board of Directors reserves the right to rule on any questionable situations.

H. Policies on double rostering – such as a player participating on a club team or legion team and a community MBL team – are the responsibility of each association.

II. LEVELS OF PLAY

A. To encourage the development and expansion of baseball in the upper Midwest and to provide for uniformity of competition for the purpose of obtaining these goals, the MBL shall be divided into three competitive levels as herein provided. **The policy of the MBL is that all associations must have a "AAA" team to have a "AA" team, unless they petition the board for an exception.** It shall be the responsibility of each

association to maintain the integrity of each level within their own association and to properly classify their teams.

B. Definition of levels

AAA: The highest competitive level. This level is for a community's players who are most developed and farthest along in the baseball learning process. Emphasis is still on player development.

AA: The intermediate level, primarily intended to provide a uniform competitive experience for communities that are not able to compete at the AAA level, or communities that already have one or more teams at the AAA level.

A: Level for players who have the least experience or who are not as far along as their peers on their baseball journey – while still providing an exciting, competitive game environment.

C. Interlevel play is prohibited, except under special circumstances and with approval from the MBL.

D. **9A Division Rule Modifications**

The 9A division was created for the 2026 season after Travel Director feedback and is intended to have an even greater focus on development than other MBL levels. This level will have several rule modifications that are different from 9AA and 9AAA. This division is still intended to be a competitive, fun, travel baseball experience for all players involved.

Modifications for 9A league games only:

* There will be a maximum of 5 runs scored per half inning. If a team plates a 5th run in its half of an inning, the inning is over immediately – regardless of whether more runs would have scored after the 5th run was plated (including if there was an over-the-fence, 4-base award homerun).

* Time limit: no new inning may begin after **1 hour, 45 minutes** elapsed from the time of the first pitch. (Some fields may have local rules that make the time limit shorter than the league referenced time limit – fields with lights, for example, or fields hosting two games on a single night. Time limit should ALWAYS be discussed at the pregame plate meeting with the umpire.)

* A 10-run rule will not be in place.

* Teams are encouraged to play through the time limit or the regulation 6-innings (5.5 if the home team is ahead), regardless of whether the result of the game has been decided via the 5-run per inning cap. Examples below.

Example A: if the home team leads 11-5 after 5 innings, and the time limit has not been reached, the visiting team should bat in the top of the 6th.

Example B: if the visiting team leads 11-5 after batting in the top of the 6th, the home team should bat in the bottom of the 6th.

E. **15A Division Rule Modifications**

The 15A Division was created for the 2026 season after Travel Director feedback.

The 15A Division league game rule modifications will mirror those from the previous 14/15A division. This is for league games only.

* Lineups: Teams may choose to bat all players with continuous batting and free substitution in all MBL league games and playoff games.

* Bat rules: BBCOR bats are recommended for league games, especially for players who have played high school freshmen (or higher) baseball. No bat may have more than -5 differential (drop-5) for MBL league games.

* Courtesy runner for catcher only, anytime.

* In games where a 15A team is playing against a 15AA team, each team will adhere to its own age level specific rules.

III. PITCHING AND BASE PATH DISTANCES

* NEW in 2025: For league regular season and league playoff games (not tournament games), pitchers must follow the pitch count/ rest day table below.

AGE	PITCHING DISTANCE	BASE PATHS	PITCH COUNT
9 & 10	45-46 ft.	60 ft.	50/ game (+ rest days)
11	45-46 ft.	65 ft.	50/ game (+ rest days)
12	52-54 ft.	75-80 ft.	50/ game (+ rest days)
13	52-54 ft.	75-80 ft.	65/ game (+ rest days)
14-15U	60 ft 6 in	90 ft.	75/ game (+ rest days)

IV. EQUIPMENT

A. Shoes/Cleats

9 – 12U: No metal cleats allowed.

13 – 18U: Metal spikes are allowed.

(Some fields/complexes with portable mounds may not allow metal spikes. Those local rules supersede MBL rules.)

B. Bats

* For 9-14U age levels, players must use bats with barrels and length-weight differentials that adhere to the bat rule table below, AND that have one of the following stamps:

- USA Baseball

- USSSA

- BBCOR

* 15A: BBCOR bats are recommended for league games, especially for players who have played high school freshmen (or higher) baseball. No bat may have more than -5 differential (drop-5) for MBL league games.

Note: In MBT qualifying tournaments, 15A will follow 15AA bat (BBCOR) and substitution rules. Please read specific tournament rules prior to the start of any tournaments.

* 15AA must use a -3 BBCOR stamped bat, or a single-piece wood bat.

* Bats that are part wood and part composite material are not single-piece wood bats and, therefore, must have a BBCOR stamp.

* Any bat with a USA or USSSA stamp that has been deemed illegal via publication by the manufacturer or governing body (i.e., USSSA) based on subsequent testing is also illegal in MBL league play.

BAT BARREL AND WEIGHT DIFFERENTIAL (Length minus weight in ounces) RESTRICTIONS:

9-U, 10-U, 11-U	Barrell: 2 ¾" or less / Weight differential: Unlimited
12-U & 13U	Barrell: 2 1/4" or less with UNLIMITED weight differential or Barrell: 2 ¾" or less / Weight differential: -10 or less
14-U & 15A	Barrell: 2 ¾" or less / Weight differential: -5 or less
15AA	BBCOR stamp with -3 differential.

C. Other Game Equipment and Supplies

1. Each team must supply one new, game-quality (as defined by the manufacturer) baseball to the umpire prior to the start of the game. Plastic-coated baseballs are not allowed. For reference, the MBL partners with Diamond and uses models DOL-A and DOL-1 baseballs for special events.

2. The home team shall keep the official scorebook, and it may be hand-written or electronic. Both teams should keep a scorebook and confer frequently during games to avoid discrepancies in scoring or pitch count.

3. Line markings and bases are the responsibility of the home team. Every effort should be made to provide the best and safest playing conditions for the players. On fields that have a double first base (i.e., an orange or green base), use of the safety base is recommended. This type of double first-base will be required by NFHS in 2027 for high school – but this will be a recommendation (not required) for MBL games beginning in 2027.

4. Catcher equipment should fit properly and may not have defects from the original specifications set forth by the manufacturer. Catcher equipment with the NOCSAE stamp is recommended at all levels.

V. COACH, PLAYER AND SPECTATOR CONDUCT

A. All players, coaches, spectators and umpires are to behave in a manner that reflects and promotes a positive and fun environment commonly associated with the game of baseball. Unsportsmanlike conduct will not be tolerated. This includes but is not limited to:

- * Verbal abuse towards an umpire or anyone on site
- * Profanity
- * Physical aggression
- * Tantrum-like acts

[See closing pages of this document for Coach, Parent and Umpire Codes of Conduct]

B. Any player, coach or spectator ejected from a game will also be suspended for their team's next game – be it a tournament, league game or league playoff game – on the schedule at the time of the ejection. If the suspension is not served in the team's next game because the game is cancelled, it shall be served in the next game on the schedule at the time of the infraction that is played. (Tournaments may have their own ejection/suspension policy; MBL's rule is that the player, coach or spectator must serve one game, and it is acceptable for that game to be a tournament game played after the game where the individual was ejected. If the ejection occurs in the last game of a tournament, the suspension would be served in the next game on the schedule at the time of the ejection.) Depending on the severity of the infraction/behavior, supplemental discipline may be given by the MBL. A second game ejection in the same season will result in the suspension for the remainder of the season and playoff games.

C. Anyone suspended for the season is entitled to an appeal. The appeal should be submitted in writing to the MBL Board of Directors. A hearing will be scheduled with the MBL Board of Directors.

D. Modification to NFHS 3-3-1-f

Any coach, player or spectator who confronts, abuses, or follows an umpire outside the fenced area or otherwise demarked area of an individual baseball field will be suspended indefinitely from their affiliated team's games. The umpire(s) involved must complete an Incident Report (and/or an ejection report, if applicable) no later than 10:00 AM the day after the incident/ejection. The suspension may be lifted after investigation and communication between applicable association travel directors and MBL staff.

VI. UMPIRES

A. It is the responsibility of each home team to assign and pay for one umpire at all MBL league games. Each association determines how much the umpire(s) will be paid.

B. The MBL endorses the one-umpire system on league games. However, an association may elect to assign two or more umpires.

C. Judgment calls are NEVER to be questioned or protested. Questions for the umpire(s) regarding rule interpretation are allowed by the head coach, after requesting and being granted time by an umpire.

D. An umpire may forfeit a game for prescribed infractions by spectators, coaches, players or attendants.

E. In the case of a "no-show" umpire situation, coaches have the following options:

1. Wait additional time for the umpire to arrive.
2. Agree upon a substitute umpire who is already present at the field.
* Substitute umpires should be compensated by the home team umpire assignor.
3. Do not play the game and reschedule.

VII. PITCHING RESTRICTIONS / PITCH COUNT / CHARGED CONFERENCES

A. There are no restrictions on innings pitched.

- B. **There is no weekly pitch count maximum at any age division.**
- C. Pitch counts for league games are not connected as a cumulative to any games played outside of regular season and playoffs. There is a great trust in Coaches and Travel Directors to monitor their pitchers and put the health and safety of players as the highest priority.

***NEW* Rest Day Regulations/Table – MBL league and playoff games only**

(All ages: pitchers may not pitch 3 consecutive days)

<u>9-11U</u>	<u>12-13U</u>	<u>14-15U</u>
1-20 pitches = 0 days rest	1-25 pitches = 0 days rest	1-25 pitches = 0 days rest
21-40 = 1	26-40 = 1	26-40 = 1
41-55 = 2	41-55 = 2	41-60 = 2
56+ = 3	56+ = 3	61+ = 3
Daily Limit: 50 pitches	Daily Limit, 12U: 50 pitches Daily Limit, 13U: 65 pitches	Daily Limit: 75 pitches

- Days of rest are measured in calendar days; not 24-hours.

- If a DAILY LIMIT is reached during an at-bat, the pitcher may pitch until the at-bat is completed.

Example: If a 12U pitcher starts a batter at 49 pitches, he/she may throw as many pitches as needed to complete the at-bat. If the at-bat lasts 7 pitches (56 total for the game), the pitcher is required to rest 3 days before pitching again.

- The Rest Day Regulations/Table reflects actual pitches thrown. Pitchers are not allowed extra pitches to complete an at-bat and stay in a certain pitch count window. Intentional walks do not count towards the pitch count total.

Example: If an 11U pitcher starts a batter at 19 pitches and throws 3 more pitches while retiring the batter, the pitcher's count is now at 22, and the pitcher must rest 1 day before pitching again.

The following are recommendations:

- It is recommended that players do not pitch and catch in the same game – especially if they reach a pitch count that requires a rest day.
- On days where a pitcher is fulfilling a rest day(s), coaches should monitor how much the player is throwing while playing another position. It is not recommended that a player play catcher on a rest day.
- Once a player is removed from a game as pitcher, they should not return as pitcher.
- If a player warms up to pitch, going through a routine that includes throwing game-like, competitive pitches, coaches should take those pitches into account and use the rest day table as a guide. Warmed-up pitchers should be entered into the game or not used at all; warming up multiple times can be hard on a pitcher.
- Coaches and parents should monitor their athletes for signs of fatigue, such as: decreased velocity, decreased accuracy, increased time between pitches, dropping the elbow or any change in mechanics, etc. The biggest risk factor for injury is pitching when the arm is fatigued.
- When a player complains of pain in the elbow or shoulder, discontinue pitching/throwing until an exam by a certified athletic trainer or other medical professional.
- Players should avoid pitching on multiple teams with overlapping seasons.
- Players should have 3-4 months of the year where they are not pitching competitively.

* For more pitching recommendations from trusted coaches at the high school, college and professional level, visit www.mbl.bz.

D. PENALTY for violating the game or rest day regulations: the player must be removed as pitcher and cannot pitch in any league/playoff games during the same week. The head coach is ejected from that game and must serve a one-game suspension in the next non-scrimmage game on the schedule at the time of the infraction – this includes tournament games.

E. If a pitcher reaches the DAILY LIMIT pitch count during an at-bat, they may finish pitching to that batter. The pitcher must be removed as pitcher upon completion of the at-bat. Any additional pitches beyond the per-game maximum should be recorded on the MBL web site and count towards the rest day requirement.

F. For the 9-11U age levels, the following pitches are legal: Fastballs, Changeups, Palm Balls, Knuckle Balls. Regarding Curve Balls and other breaking pitches:

9-11U: Curve Balls/breaking pitches are NOT allowed.

PENALTY:

1st Offense = Dead ball, warning to the pitcher and head coach.

2nd Offense = Dead ball, pitch is called a ball.

3rd Offense = Dead ball, pitch is called a ball, pitcher must be removed as pitcher.

12-15U: NFHS rules; all pitches are legal.

G. 9-11U, Pitcher Stops Delivery

1. A fake pitch or a stop in delivery, when the umpire judges a baserunner(s)/offensive team to have been deprived of an opportunity to advance or from executing a play, will result in all runners advancing one base.

CASEBOOK: With R1 on first base and 0 outs, B1 squares to bunt after the pitcher starts his delivery. The pitcher stops his delivery upon seeing B1 square. RULING: The umpire should call time. If the umpire judges the offensive team could have executed a bunt with the intention of moving R1 to second base, the umpire should award R1 second base.

H. Charged Conferences / Mound Visits

1. MBL does not modify the NFHS rule on charged conferences.

NFHS Rule: Each team, when on defense, may be granted not more than three (3) charged conferences during a (regulation game), without penalty, to confer with a defensive player(s) ... Prior to accumulating three charged conferences, a conference is not charged if the pitcher is removed as pitcher.

VIII. LEADING OFF / BASERUNNING / DROPPED THIRD STRIKE

AGE	LEAVE THE BASE ...
9-10U	When the pitch crosses home plate
11U	When the pitch leaves pitcher's hand
12-15U	Anytime. Regular NFHS rules apply.

A. 9U: A runner occupying third base at the start of a play (time of pitch) may only advance home on a batted ball, a bases loaded walk/hit-by-pitch, or an attempted play on said runner.

* This rule modification is in effect for MBL league play and MBT State Tournament play. The rule is identical for both. (See 9U Casebook for this rule at MBL.bz/pages/rules-casebook)

B. In 9-11U, a batter may NOT attempt to advance to first base on a dropped third strike. Dropped third strikes are outs.

C. Courtesy Runners

9-14U: The last player to be put out will be allowed to run for the current catcher any time. The player that is run for MUST HAVE CAUGHT THE PREVIOUS INNING AND ALSO CATCH THE NEXT INNING. A visiting team may use a courtesy runner for their catcher in the top of the 1st inning as long as that player was identified as the catcher at the pregame plate meeting with the umpire(s).

A courtesy runner or batter (the last player to be put out) will be allowed for an injured player.

15AA and 15AAA: A courtesy runner will be allowed for the current catcher anytime. The player that is run for MUST HAVE CAUGHT THE PREVIOUS INNING AND ALSO CATCH THE NEXT INNING. Players who have participated in the game in any other capacity are ineligible to serve as courtesy runners until all players have participated. If all players have participated, then the courtesy runner will be the last player that made an out.

D. Sliding

MBL does not modify the NFHS rules regarding sliding/ interference/ malicious contact. Players are never required to slide. If a runner elects to slide, the slide must be legal. Runner is out if he/she does not legally attempt to avoid a fielder in the immediate act of making a play on her/him. Jumping, hurdling or leaping to avoid a fielder are illegal - unless the fielder is lying on the ground. Malicious contact supersedes obstruction.

IX. SUBSTITUTIONS / CONTINUOUS BATTING

A. 9-14U will use continuous batting and free substitutions in all MBL league games and playoff games.

A1. 15A will have the option to use continuous batting and free substitution or NFHS substitution rules (9-player baseball.) This should be declared at the pregame plate meeting.

B. 15AA will use NFHS substitution rules. There is not an option to play with continuous batting. Teams will also be allowed to add an Extra-Hitter (EH) to the starting lineup (league games only; not in tournaments, unless specified).

Starting Players: Any of the starting players may withdraw and re-enter once, including an EH or a player who was the designated hitter (DH), provided that player occupies the same batting position whenever they are in the lineup. A substitute who is withdrawn may not re-enter.

Exception: Replacement of injured players and/or courtesy runners. If an active player sustains an injury that requires them to leave the game and their team has used all of its available substitute players, the coach may substitute for the injured player with the first player on the bench who had previously lost their

eligibility via the re-entry rule. A **courtesy runner** (the last player to be put out if there are no other legal substitutes) will be allowed for the catcher.

EH Option:

- This option is meant to allow coaches the ability to get an additional player into the game and make management of the lineup easier. Adding an EH means there will be 10 hitters in the batting order.

- If a team elects to use an EH, it must appear on the lineup presented to the umpire and opposing coach at the pregame meeting prior to the start of the game. A team may not add an EH after the game has started.

* Exception: If a team is reduced to 9 hitters because of injury, illness or other circumstances, the spot of the hitter who has left the game will be skipped and it is not an out each time that spot comes up. However, if a team is reduced to less than 9 hitters, then the vacant spot in the order will be an out.

* Note: *If a team uses the DH option, those two players are connected and must bat in that specific spot in the order; a team cannot move one of those players into the batting spot of a player who has left the game due to injury or other circumstances.*

C. Teams must start the game with at least 9 players. If, because of injury, illness or other circumstances, a team is reduced to 8 players, they may finish the game with 8 players. If a team is reduced to 7 players or less, the game is forfeited.

D. 9-14U and 15A (if using free substitution): If a player must be removed from the lineup due to injury, illness or other circumstances, that player's spot in the batting order is skipped; it is not an out each time that spot comes up in the order. The only exception to this rule is if the player was ejected, in which case it is an out each time that spot comes around.

E. 9-14U and 15A (if using free substitution): If a player arrives late to a game, including a player who is now available for the continuation of a previously suspended game for which he/she was not present, that player is to be added at the end of the batting order upon their arrival. The player is allowed to participate as any other player.

F. 9-14U and 15A (if using free substitution): If a batter is injured during an at-bat, the last player put out assumes the injured player's count and continues the at-bat.

X. REGULATION GAMES / INNINGS / TIME LIMITS / 10-RUN RULE

A. REGULATION INNINGS

9-12U: Regulation 6-innings. No new inning may begin after 2 hours elapsed from time of first pitch. In certain field situations, a time limit of less than 2 hours may be in place due to city ordinance or other special rules. Extra innings will be played when inside the time limit.

13-15U: Regulation 7-innings. No new inning may begin after 2 hours-15 minutes elapsed from time of first pitch. In certain field situations, a time limit of less than 2 hours-15 minutes may be in place due to city ordinance or other special rules. Extra innings will be played when inside the time limit.

B. If a game is suspended prior to the teams completing the number of innings to make the game official (3.5 or 4 innings), that game shall be resumed from the moment of suspension, with all game conditions (i.e., batting order, pitch counts, baserunners, etc) applying to the game when it is continued.

B1. If a game is called when teams have not had an equal number of completed turns at bat, the score shall be the same as it was at the end of the last completed inning; except that if the home team in its half of the incomplete inning, scores a run or runs which equals or exceeds the opponent's score, the final score shall be as recorded when the game is called. (This refers to a game where the teams have played enough complete innings for the game to be official.)

C. Safety is of greatest importance. Do not risk injury due to darkness, inclement weather or unplayable field conditions.

D. 10-RUN RULE

NEW: 9A will NOT have a 10-run rule.

9AA, 9AAA - 12U: The 10-run rule will take effect after 3.5 innings if the home team is ahead by 10 or more runs, or after 4 completed innings if the visiting team is ahead by 10 or more runs.

13-15U: The 10-run rule will take effect after 4.5 innings if the home team is ahead by 10 or more runs, or after 5 complete innings if the visiting team is ahead by 10 or more runs.

E. OFFICIAL GAME

9-15U: For all MBL league levels, games become official after completion of **3.5 or 4 innings** (3.5 if home team is ahead).

* A game also becomes official if the time limit has been reached, or if both head coaches agree to make the game official.

XI. STANDINGS / COACH RESPONSIBILITIES

A. Standings will be compiled by the MBL and displayed on the MBL web site.

Win = 3 points

Tie = 2 points

Loss = 1 point

B. Tiebreak Procedure:

Head-to-Head

Best winning percentage

Best run differential in games between the tied teams only

Best run differential in all MBL games

C. After each game, both teams must enter/confirm the score and other game details by clicking on the game ID number in their MBL schedule. Each team should enter their own pitch count and check for accuracy of their opponent's pitch count. Teams will be contacted if their game info is not entered by 10:00 AM the day after their game.

D. Coaches are not allowed to enter scores for games that are not actually played – i.e., agreeing to enter a tie score in order to give each team points in the standings. Any game that could require a forfeit must be reviewed by the MBL league office. Coaches do not have the ability to enter a forfeit into the web site.

XII. RAIN-OUT AND GAME CANCELLATION PROCEDURES

A. In the event a field is unplayable due to weather, or any other reasons for cancellation, the home team coach must:

1. Notify the opposing team as soon as the decision is made. (This should be done no later than two hours-15 minutes prior to game time.)
2. Notify the umpire or umpire assignor
 - * Umpires are instructed to show up for all games, regardless of weather conditions, unless notified by their assignor. Most assignors charge full rate if they are not notified of cancellations.
3. Report the cancellation on the MBL web site by changing the status of your game to CANCELLED
4. Reschedule the game ASAP and enter the new game details on the MBL site

B. Unofficial games will resume from the exact point when the game was suspended. Coaches should reschedule the game on the MBL site and notify the appropriate umpire assignors.

XIII. POSTSEASON

A. All teams will make the playoffs. Any team may opt out of the playoffs by making that selection on their MBL team page.

B. Multiple playoff tiers/brackets will be created at or near the end of the regular season, based primarily from computer ranking and factors including finish in region, league record and geography. In some cases, seeding integrity will be overridden by geography/travel time constraints.

C. The high seed has the option to host each playoff game. The coach of the home team must:

- (1) Secure a field
- (2) Communicate and agree on date/time with opponent
- (2) Confirm game details with their umpire assignor
- (3) Post the game details on the MBL web site by clicking the game ID

D. The same substitute player waiver rule used in the regular season applies in the playoffs. The spirit of this rule is to enable a game to be played and avoid rescheduling / forfeit.

MBL Coaches Code of Conduct

1. The Coaches will be responsible for their players and not allow unsportsmanlike acts toward opponents, officials, or anyone associated with the game.
2. Coaches will know and comply with the intent and spirit of the rules.
3. Coaches will teach their players to respect the dignity of the game, rules, officials, opponents, and the Associations they represent.
3. Coaches will confine their discussion with game officials to the rules and not challenge umpire decisions involving judgment.
4. Coaches will prohibit comments from the bench which would include personal and malicious remarks, cursing, and obscene language toward opponents, umpires, coaches, or spectators.
5. Coaches will refrain from any personal action that might arouse players or spectators to unsportsmanlike behavior.
6. Coaches will not use or tolerate the use of drugs, tobacco, or alcohol.
7. Coaches should demonstrate and expect an umpire's courteous and dignified attitude toward players and each other.
8. Coaches should make every effort to control unruly spectators from their Association.

MBL and MBT may consider all relevant conduct in determining whether disciplinary action is appropriate. Conduct includes but is not limited to MBL and MBT events. Conduct at non MBL and MBT baseball events and acts outside of baseball may be considered.

Penalty

Any violation of the above Code of Conduct should be reported to the local Association and MBL, and may result in sanctions, or temporary or permanent banishment from any or all MBL or MBT events

MBL Parent Code of Conduct

At all MBL and MBT Events:

1. Parents will encourage good sportsmanship by showing positive support for all players, coaches, administrators, and officials.
2. Parents will remember that physical and emotional health of the players is more important than winning a game.
3. Parents will not use or tolerate the use of drugs, tobacco, or alcohol. MBL events will be for the kids to play a game, not for adult interference.
4. Parents will make events a positive and fun experience for the players.
5. Parents will treat all players, coaches, volunteers, fans, and officials with respect.
6. Parents will not undermine or question the coach's instructions, directions, or decisions.
7. Parents will not use or tolerate the use of profanity.
8. Parents will show the utmost respect for all umpires and their decisions.

Penalty

Any violation of the above Code of Conduct should be reported to the local Association and MBL, and may result in sanctions, or temporary or permanent banishment from any or all MBL or MBT events

MBL Umpire Code of Conduct

1. The Umpire should arrive and depart in a timely manner conducive to the game.
2. Umpires should be professionally dressed.
3. Umpires should behave in a professional manner.
4. Umpires should know and interpret rules in a manner conducive to youth baseball.
5. Umpires will refrain from comments which would include personal and malicious remarks, cursing, and obscene language toward players, coaches, or spectators.
6. Umpires will refrain from any personal action that might arouse players or spectators to unsportsmanlike behavior.
7. Umpires will not use or tolerate the use of drugs, tobacco, or alcohol.
8. Umpires should demonstrate and expect a coach's courteous and dignified attitude toward players and each other.
9. Umpires should remember they are part of a game, intended to be fun for the participants.

MBL and MBT may consider all relevant conduct in determining whether disciplinary action is appropriate. Conduct includes but is not limited to MBL and MBT events. Conduct at non MBL and MBT baseball events and acts outside of baseball may be considered.

Penalty

Any violation of the above Code of Conduct should be reported to the local umpire Association and MBL, and may result in sanctions, or temporary or permanent banishment from any or all MBL or MBT events
