

Scheduling a Game

To schedule a game for your MBL or Community team, you must be signed into your MBL account. If you have a secondary account, email nmendonca@mbl.bz and MBL can merge your accounts together

1. Make sure you are signed in (yellow circle)

2. Navigate to your team page (this is the same for teams regardless of the league they are in)

- Under schedules, you will see all your games. Games that say “pending” under the status column require you to add game information. To add this information, click on the corresponding 6 digit number under “Game ID” (Indicated in green)

SCHEDULE

[Edit Practices](#)

Download Schedule as: [iCal](#) [Calendar](#) [Invite](#) [CSV](#) format

	ID	Opponent	Date	Field	Status	Score
Regular Season	[Redacted]	vs [Redacted]			Pending	

- Click on “Schedule/Change Field” (indicated in green). Once the page loads, add the necessary information. Please note – fields will only appear if it is connected to the association selected. (e.g., if you select Burnsville, only fields that are connected to Burnsville will display under fields). Once you have added all the information, hit the save button, and you are set!

Game [Redacted]

[Redacted] @ [Redacted]

Season: [Redacted]

Game Type: [Redacted]

Division: [Redacted]
