

Adding Players to Teams

To add players to teams you must be signed in, and have been assigned as a coach for your team.

1. Sign in using the button on the upper left of the page.

2. On the left menu click on your team name.

3. Open the dropdown next to "Players", and click "Add Player".

4. Search for the player you'd like to add. Once you find them, click the "Assign" button.

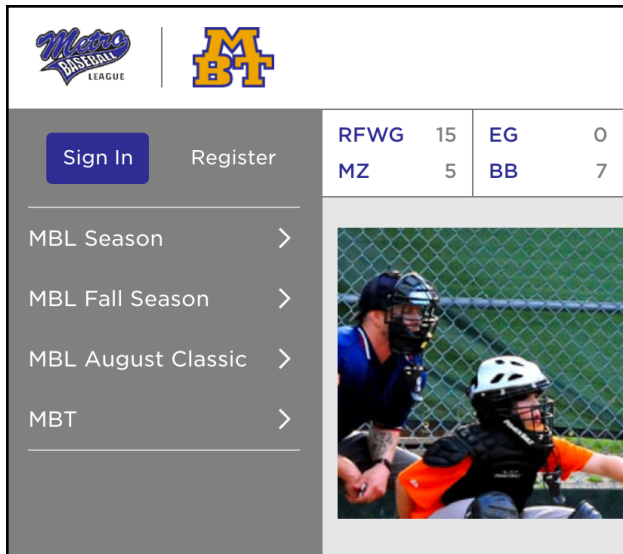

5. If you can't find the player. Click on the "Create a New Person" link at the bottom of the page. Fill out the new person form and click "Save".

The screenshot shows a 'New Person' form. The form has fields for First Name (Nadine), Last Name (Clemons), Email Address (labu@iremote.com), Alternate Email Address (suwekema@iremote.com), and Date of Birth (2/20/1978).

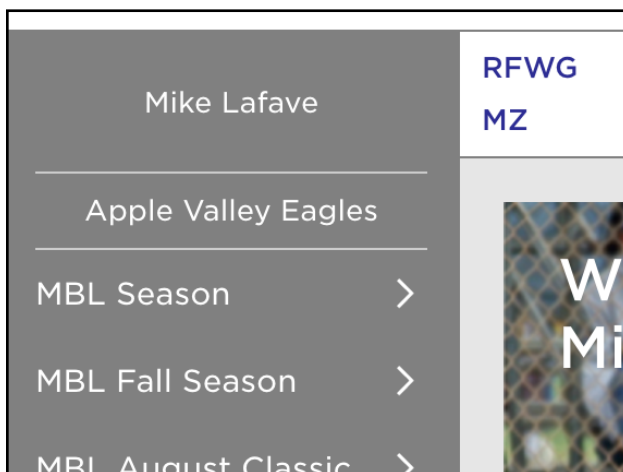

Copying Players to Teams

If players on your team were part of a team you coached in the past, you can copy those players from the old team.

1. Sign in using the button on the upper left of the page.

2. On the left menu click on your team name.

3. Open the dropdown next to "Players", and click "Select Players from Previous Rosters".

4. Click the checkbox next to each player you'd like to place on your new team, and click the "Copy Players" button on the bottom of the page.
